Meet Our Community Board

Many of us have no idea the amount of work and dedication that contributes to the smooth running of our community based programs and events. All of our functions are run by a team of volunteers that give countless hours to help make our events and functions a great experience. Below is a directory of the current board members and personal statements on why they chose to become members sitting on the board. This will help you understand who is on our board, why we choose to volunteer, and recognize those that can be contacted if you have any questions, concerns, or would like to apply to become a member on our board.
